

The New Employee Benefits Tool Kit

The Army Benefits Center-Civilian (ABC-C) is proud to offer this one-stop, streamlined page, designed to introduce new employees to the ABC-C and its services, provide information and tools on retirement and insurance benefits, and much more. The tool kit includes ABC-C's recently-announced automated and self-paced "New Employee Benefits Briefing", and also, an email inquiry box to allow appointees to contact the ABC-C with questions prior to the entrance on duty date.
